MINUTES OF REGULAR MEETING FORT TOTTEN SCHOOL BOARD December 4, 2024

A regular meeting of the Fort Totten School Board was called to order Dec. 4, 2024 at 12:04 p.m. with a quorum by D. LaVallie. Present: Robert Charboneau, ReNa Lohnes. Present via Teams: Marcia, Deborah LaVallie, Kristi Black, Shantel DuBois. Absent: Dale Alberts (entered 12:09 p.m.). Others: Jeff Olson, Christina

D. LaVallie turned the meeting over to R. Lohnes.

A motion was made by D. LaVallie to approve the agenda, seconded by R. Charboneau Jr. Four in favor, one absent, the motion carried.

D. Alberts entered the meeting at

12:09 p.m. Goal 3 data was reviewed along with goal progress measure 3.1, 3.2, 3.3. Choice Ready dropped 17% from last year. When comparing our data to the Native American student data of large schools in the state and the state's Native American student data,

our percentages are higher.

Marcia McMahon reported that the superintendent guardrails will focus on attendance and instructional

A motion was made by D. Alberts to approve the consent agenda, seconded by D. LaVallie. All in favor, the motion carried.

Patios continue to be more popular than decks. According to a tabulation of data from HUD/Census Bureau Survey of Construction from the National Association of Home Builders, the share of new homes with patios is on the rise while the share with decks remains low. The NAHB tabulation found that the percentage of new homes with decks was 17.6 percent in 2023, while the percentage of new homes with patios reached a record high of 63.7 percent in that same year. Though some homes feature both a deck and patio, the NAHB notes that's the case in just 6 percent of properties. However, decks have remained a go-to choice in certain regions of the United States. For example, the NAHB reports that 76 percent of new homes in New England featured decks while just 17 percent featured patios. Decks (42 percent) also proved more popular than patios (20 percent) in the mid-Atlantic region.

(USED EQUIPMENT) R75 Gleaner Combine 2660 Haybuster Bale 2020 - 40' Kwik-Till

Kwik-Till

The Kwik-Till is a high speed vertical tillage tool.

The Kwik-Till uses an independent shank design

with maintenance-free bearings and bushings for

equipment life. The Kwik-Till will run at speeds of

10-17 MPH, making short work of any field.
