TODAY IN HISTORY

On Dec. 4, 1991, after being abducted and held hostage for nearly seven years by Hezbollah militants in Lebanon, Associated Press correspon-

dent Terry Anderson was freed from captivity.

In 1783, Gen. George Washington bade farewell to his Continental Army officers at Fraunces Tavern in New York.

In 1956, Elvis Presley, Johnny Cash, Jerry Lee Lewis and Carl Perkins, dubbed the "Million Dollar Quartet," gathered for the first and only time for a jam session at Sun Records in Memphis.

In 1964, police arrested some 800 students at the University of California, Berkeley, one day after the students stormed the administration building and staged a massive sit-in to protest university restrictions on political activity on campus.

In 1965, the United States launched Gemini 7 with Air Force Lt. Col. Frank Borman and Navy Cmdr. James A. Lovell aboard on a two-week mission. (While Gemini 7 was in orbit, its sister ship, Gemini 6A, was launched on Dec. 15 on a one-day mission; the two spacecraft were able to rendezvous within a foot of each other.)

In 1969, Fred Hampton and Mark Clark of the Black Panther Party were shot and killed during a raid by Chicago police.
