Click It or Ticket:

A push for Everyone Buckled on ND roads

To save lives, law enforcement across North Dakota will
conduct extra patrols Nov. 1-Dec. 12 as part of the Click It or
Ticket campaign.

Seat belts are the most effective way to prevent death and
injury in a motor vehicle crash. Thanks to North Dakota’s pri-
mary seat belt law and an increased seat belt use rate statewide,
fatalities have decreased — but more lives could be saved if
everyone buckled up, every seat, every trip, every time.

In North Dakota in 2024, 47% of crash fatalities where seat
belts were available involved people who were not buckled up.
Crash data shows a direct correlation between seat belt use and
injury severity: unbelted vehicle occupants account for the
largest percent of fatalities, while belted occupants most com-
monly receive non-serious or no injuries.

North Dakota law allows law enforcement to pull over a
driver solely for not wearing a seat belt. The law also requires
all occupants to wear a seat belt, regardless of where they are
sitting in the vehicle.

“Seat belts save thousands of lives every year, and most
North Dakotans don't think twice about wearing one," said
Wahpeton Police Chief, Matthew Anderson. "It's a simple
action with a lifesaving impact. Buckle up for yourself, for your
passengers, and for the people who care about you."

Make the safe choice every time you get in a vehicle —
buckle up, every trip, every seat, every time.

This campaign is part of the Vision Zero strategy to elimi-
nate fatalities and serious injuries on North Dakota roadways.
Visit the North Dakota Crash Memorial Wall to view memori-
als built on the hope of preventing another death on North
Dakota roads.
