Public Notice

The Federal Communications Commission (FCC) proposed an increase of the Federal Universal Service Charge (FUSC) which appears on your NDTC bill each month. This increase is a result of an increase in the FCC's universal service fund contribution factor from 37.1% to 38.8% and will become effective July 1, 2026. The new FUSC amount is calculated by multiplying the FCC'S universal service contribution factor against your interstate access service charge. The federal universal service fund program is designed to help keep local telephone service rates affordable for all customers, in all areas of the United States.
