PUBLIC SERVICE COMMISSION
Otter Tail Power Company
Transmission Facility Cost Recovery 2027
Rates
Case No. PU-26-310
NOTICE OF OPPORTUNITY FOR HEARING

On September 11, 2026, Otter Tail Power Company (OTP) filed an annual update under its Transmission Facility Cost Recovery Rider (TCRR) tariff. The proposed rate for 2027 includes updates to previously approved projects, the addition of two new projects and associated revenue to the TCR as agreed to in the prior rate case and updated Regional Transmission Organization expenses and revenues. The decrease for a residential customer using 1,000 kWh per month would be $1.62 per month proposed to be effective January 1, 2027.

The issues to be considered in this proceeding are:
1. Whether the proposed rate adjustment complies with OTP's tariff?
2. Whether the incurred costs for new or modified electric transmission facilities are reasonable and prudent?
3. Whether the incurred costs are eligible for recovery through the TCRR?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by December 5, 2026. If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.
