

## April Happenings at Marian Manor HealthCare Center

The year seems to be going by so fast. It is hard to believe that the school year is almost over. The farmers are trying to get the crops in between the little rain showers. The residents are getting excited for warmer weather to come so they can enjoy the outdoors. Hopefully it won't be so windy.

We had worship services in the chapel this month virtually. If the resident would rather watch church services on their tv in their room we assist them with that also.

Father Gary Benz had weekly Mass for the residents and Deacon Lance had a rosary/communion service for the residents. If the residents want to watch services on their tv in their room we assist them with that also. Laura Wehri, Jan Cooper and Lavon Weinberger helped with the services. Thank you ladies for your help.

The monthly birthday party was hosted by Marian Manor. Lunch was provided by Marian Manor. The residents really enjoyed the delicious lunch. A special thanks to Ciara Scherr for helping serve at the party. We really appreciated the help. The residents celebrating a birthday this month are: Janice Richter and Anna Wagner. Happy birthday to the both of you!

Monthly games were sponsored by the activity department. A special thanks to Ciara Scherr for helping with bingo on April 20 & 21. The residents really enjoy playing bingo.

We had three new residents this month- Jean Bechhold of Glen Ullin, Ted Wagner of Glen Ullin, and Ernest Fitterer. Welcome to the home.

We had two residents discharged this month- Ernest Fitterer and

Yvonne Combs. We wish them the best.

We had three residents enter eternal rest- Vernon Glass, August Schaa, and Mervin Ihli. We wish to express our deepest sympathy to the families.

We received some flower arrangements from the family of Mervin Ihli. Thank you for sharing them with us.

A very special thank you to the families that donated flower arrangements, candy, goodies, fruit and treats for the staff. It was greatly appreciated.

We received some wonderful donations- a dresser from Mervin Ihli family. Thank you so much. They are greatly appreciated.

On April 24 & 25 the State Health Department hosted an Infection Control Conference that was held in Bismarck and Emily Schneider attended.

We have two new employees- Jessica Wadkins and Janell Rey Aguire both in Housekeeping. Welcome to the job!!!

Upcoming events: May 8 Discussion Group at 2:30, May 10 Mother's Day party at 2:30, May 14 Colleen Reinhardt will perform at 2:30, May 15 Resident Council at 2:30, May 15 Evening Card Bingo at 6:45pm, May 19 Bingo at 2:30, May 20 Evening Card Bingo at 6:45pm, May 22 the Price is Right at 2:30, May 24 Name Burst at 2:30, May 29 Birthday party at 2:30, and May 31 Po-ke-no at 2:30.

Happy memorial day on may 27!! Everyone is welcome to attend all activities. Hope everyone has a great month!!!

## Preventing tickborne diseases

With the first ticks of the year already being spotted in the state, North Dakota Health and Human Services (HHS) is asking North Dakotans to be aware of ticks and the diseases they carry including Lyme disease, anaplasmosis and Rocky Mountain spotted fever.

Ticks live in grassy, brushy or wooded areas. They can be active when temperatures are above freezing with little to no snow cover. To prevent tick bites, take the following steps:

Avoid wooded and brushy areas with high grass and leaf litter and walk in the center of trails.

Use an Environmental Protection Agency (EPA)-registered insect repellent. EPA's search tool can help North Dakotans find the right product.

Check body and clothing for ticks after coming indoors. When doing a body check, search in and around the hair, in and around the ears, under the arms, inside the belly button, around the waist, between the legs and the back of the knees. Be sure to check your child, too.

Check pets daily for ticks and talk to a veterinarian about best tick prevention products.

Keep yards mowed and litter free. Ticks can be found around homes and neighborhoods.

If a tick is spotted on the body

and is attached to the skin, prompt removal is important to lower the risk of tickborne disease transmission. Use a fine-tipped tweezers to grasp the tick and pull upward with steady, even pressure. After removing the tick, thoroughly clean the bite area and dispose of the tick by putting it in alcohol, placing it in a sealed bag/container, wrapping it tightly in tape or flushing it down the toilet.

Contact a health care provider if any of these symptoms appear 30 days or less after a tick bite: rash, fever, fatigue, headache, muscle pain and/or joint swelling and pain.

In 2023, North Dakota Tick Surveillance through HHS recorded 858 American dog ticks, three deer ticks and one lone star tick between April and August. This data is recorded with the help of volunteers across the state. Ticks are submitted for identification and testing from April until November. North Dakotans can also help by sending pictures and location information about ticks they find by emailing [NDTicks@nd.gov](mailto:NDTicks@nd.gov).

Tick identification and surveillance helps HHS identify the types of ticks and tickborne diseases present in North Dakota.

For more information on tick prevention and tickborne diseases, visit [hhs.nd.gov/health/diseases/tickborne](https://hhs.nd.gov/health/diseases/tickborne).

## Deer Season Set, Apply Online

North Dakota's 2024 deer season is set, with 50,100 licenses available to hunters, down 3,300 from last year.

In addition, muzzleloader licenses decreased by 66 and restricted youth antlered mule deer licenses remained the same.

Casey Anderson, North Dakota Game and Fish Department wildlife division chief, said population, harvest and survey data indicate the state's deer population is stable to decreasing in the southeastern part of the state.

"The 2023-24 winter was one of the mildest on record. However, fawn production was reduced following extreme winter conditions during 2022-23, which limited population growth despite reduced gun licenses during the 2023 hunting season," Anderson said. "Modest license allocations are intended to maintain hunting opportunities while encouraging population growth in the state."

High-quality deer habitat is not abundant, which has limited the potential for population recovery. If CRP contracts continue to expire, by 2026, Anderson said 85% of the once 3.4 million acres present in 2007 will be lost.

"Habitat does not have to be CRP but needs to fulfill winter and fawning habitat needs in particular for numbers to bounce back effectively," he said.

The spring mule deer survey showed western North Dakota's population is 1% higher than last year, following record low fawn production in 2023.

North Dakota's 2024 deer gun season opens Nov. 8 at noon and continues through Nov. 24.

Applicants for regular deer gun, gratis, youth and muzzleloader can apply online through the Game and Fish Department's website at [gf.nd.gov](http://gf.nd.gov). The deadline for applying is midnight June 5.

Those who didn't apply last year will lose accrued points by not applying or purchasing a point this year.

A general game and habitat license is required when applying for a deer license. If the applicant has not already purchased one for the 2024-25 season, the license will be added to their cart upon checkout. The applicant has the option of having the general game and habitat license refunded if their deer license is not drawn in the lottery.

Gratis applicants who have previously applied online will automatically have their land description carried forward to this year's application. However, any changes with land descriptions from last year's application must be made prior to submitting the 2024 application.

Gratis applications received on or before the regular deer gun lottery application deadline will qualify for an any-legal-deer gratis license. As per state law, gratis applications received after the deadline will be processed based on licenses remaining after the lottery.

Total deer licenses are determined by harvest rates, aerial surveys, depredation reports, hunter observations, input at advisory board meetings, and comments from the public, landowners and department field staff.

## Public Notice

STATE OF NORTH DAKOTA  
PUBLIC SERVICE COMMISSION  
SCS Carbon Transport LLC  
Case No. PU-22-391  
Midwest Carbon Express CO2  
Pipeline Project  
Siting Application  
NOTICE OF TECHNICAL  
HEARINGS

On October 17, 2022, SCS Carbon Transport LLC (SCS) filed applications for a certificate of corridor compatibility and for a route permit concerning approximately 320 miles of carbon dioxide pipeline ranging from 4.5 to 24-inch diameter and associated facilities in Burleigh, Cass, Dickey, Emmons, Logan, McIntosh, Morton, Oliver, Richland and Sargent Counties, North Dakota (Application).

On April 9, 2024, the Commission issued its Order on Motion for Continuance, ordering that if Burleigh County and/or Landowner Intervenor do not attend the April 22, 2024, public hearing and timely file a request for technical hearing, the Commission will provide an opportunity to participate in a technical hearing.

On April 9, 2024, Burleigh County filed a request for a technical hearing.

On April 10, 2024, Landowner Intervenor filed a request for a technical hearing.

A technical hearing is scheduled to begin on May 28, 2024, at 8:30 a.m. Central Time in the Brynhild Haugland Room at the State Capitol, Ground Floor, 600 East Boulevard Ave, Bismarck, ND 58505.

A technical hearing is scheduled to begin on May 29, 2024, at 8:30 a.m. Central Time in the Pioneer Room, State Capitol Judicial Wing, Ground Floor, 600 East Boulevard Ave, Bismarck, ND 58505.

A technical hearing is scheduled to begin on June 3, 2024, at 8:30 a.m. Central Time in the Pioneer Room, State Capitol Judicial Wing, Ground Floor, 600 East Boulevard Ave, Bismarck, ND 58505.

The issues to be considered in this hearing will be to address the proposed route adjustments and supplemental filings and deficiencies noted in the Commission's August 18, 2023, Order and include the following questions:

1. Will construction, operation, and maintenance of the facility at the proposed location produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?

2. Is the proposed facility compatible with environmental preservation and the efficient use of resources?

3. Will construction, operation, and maintenance of the facility at the proposed location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

The technical hearings will permit Burleigh County and Landowner Intervenor an opportunity to cross examine witnesses who testified at the April 22, 2024, Public Hearing and offer witnesses. There will be no opportunity for public input during the technical hearings.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888

TTY: If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.

Issued: April 25, 2024

## Funeral Notice

### Marie M. (Wolf) Kornhauser

October 10, 1962 - December 25, 2023

Driscoll, Texas — Marie M. Wolf was born in Richardson, ND on October 10, 1962, to Philip and Mary (Hellman) Wolf. She was raised on a family farm south of Glen Ullin, ND, with two brothers Eugene and Joseph, and four sisters, Darlene, Carol, Janet and Joyce. There, she and her siblings spent countless childhood summers tending to farm animals and sneaking produce from the garden; winters were spent sled riding with her siblings or playing cards and board games with the family during the cold winter evenings.

Marie graduated from Glen Ullin High school in 1980 and began her young adult life in Bismarck, ND. In 1989, Marie welcomed her first daughter, Aaron, and her second, Tiffany, a few years later in 1992.

Before her daughters began grade school, she moved to Washburn, ND and in 1995, married Russell Jaeger. They were married until 2007. Marie ultimately moved back to Bismarck, ND. In 2011, she married the love of her life, Daniel, and moved to Corpus Christi, TX shortly after. Always seeking opportunities to soak in the sun and feel sand between her toes, Marie quickly made Texas her home. When she wasn't oceanside, she was collecting and growing a variety of plants with her father-in-law, Henry, or perfecting her Italian cooking

skills with her mother-in-law, Ann. Marie became a grandma in 2015, after the birth of her only grandson, Graham. She found great joy in shopping for unique toys and candies to include in his monthly care packages, spent countless hours listening to knock-knock jokes and giggles on zoom, and looked forward to her trips to visit him each summer. Marie had a knack for making friends wherever she went due to her bubbly and charismatic demeanor. She worked various customer service jobs throughout her life that benefited from her welcoming personality and hard work ethic. Some of her most notable careers were at Med-Center One Prairieview Nursing Home in Underwood, ND, Cenex in Washburn, ND, Riddles Jewelry in Bismarck, ND, and the Navy Exchange in Corpus Christi, TX.

Marie fought a short, but courageous battle against Pancreatic Cancer but ultimately lost her fight on December 25, 2023.

Marie is survived by her husband, Daniel Kornhauser; daughters Aaron Hughes (Jordan) of Minot, ND and Tiffany Jaeger of Hancock MI; grandson, Graham Hughes; siblings Joseph (Roslyn) Wolf of Glen Ullin, ND; Darlene (Larry) Kueffler of Lemmon, SD, Carol (Steve) Rosin of Woodbridge, CA, Janet Ellwood (Kurt Schnoor) of Albany, OR, Joyce (Dave) Holkup of Wahpeton, ND and multiple nieces and nephews.

Marie was preceded in death by parents Philip and Mary Wolf, brother, Eugene and brother-in-law Richard Ellwood.

In May, Marie's ashes will be brought home to North Dakota. There will be a funeral mass at 10:00 am, May 13th, 2024 at Sacred Heart Catholic Church followed by burial at St. Joseph Catholic Cemetery, both in Glen Ullin, ND. A luncheon will be served at the Cabin at the Glen Ullin City Park after Mass and burial.

## Protect parks from invasive species

The North Dakota Parks and Recreation Department (NDPRD), in partnership with the North Dakota Game and Fish Department, is highlighting the importance of stopping the spread of Aquatic Nuisance Species (ANS).

Nuisance, or invasive, species are aggressive species that grow and reproduce rapidly, displace native species, and cause significant disturbance to the areas they are present. Park visitors play a vital role in helping prevent the spread of invasive species across North Dakota through some quick and easy tasks:

- Clean your gear: Before leaving a body of water, thoroughly clean all equipment such as boats, kayaks, fishing gear, and any other gear that comes into contact with water. Remove all plants, mud, and debris.

- Drain water: Drain all water from boats, motors, bilges, and live wells before leaving the area.

- Dry gear: Allow all gear to completely dry before using it in another body of water.

- Dispose of bait properly: Never release unused bait into the water.

- Stay informed: Learn about the ANS species in the park you're visiting and follow any guidelines or regulations provided by park staff.

NDPRD has 12 state parks that have water access available for recreation purposes. Therefore, it is important that visitors utilizing and transporting watercraft clean, drain and dry all equipment between uses.

Not draining water can be extremely hazardous and may cause negligent transportation of ANS to various locations.

## ANALYSES OF THE STATEWIDE MEASURES APPEARING ON THE ELECTION BALLOT JUNE 11, 2024

The following analysis is for the measure appearing on the statewide Primary Election ballot on June 11, 2024. This publication is required by section 16.1-01-07 of the North Dakota Century Code to enable voters to become familiar with the effect of proposed measures. The full text of each measure is available on the Secretary of State's website at [vote.nd.gov](http://vote.nd.gov) or by requesting a copy from the Elections Division, Secretary of State's office at (800) 352-0867, ext. 328-4146, or from the office of any County Auditor.

In addition, as required by section 16.1-01-17 of the North Dakota Century Code, a copy of the Legislative Council's report on the estimated fiscal impact of initiated Measures No. 1 is available on the Secretary of State's website at [vote.nd.gov](http://vote.nd.gov), by calling (800) 352-0867, ext. 328-4146, or by writing to Secretary of State, 600 E Boulevard Avenue Dept 108, Bismarck ND 58505-0500.

### Analysis of Initiated Constitutional Measure No. 1

Initiated Constitutional Measure No. 1 was placed on the ballot by petitions circulated by a sponsoring committee. If approved, it would add a new article to the North Dakota Constitution. Under the measure, no person may be elected or appointed to serve any portion of a term representing North Dakota in the U.S. Senate or the U.S. House of Representatives if that person could be 81 years old by December 31 of the year immediately preceding the end of the term, and any such person is prohibited from appearing on the ballot. If a superior law requires age-limited candidates to appear on the ballot in a primary or general election, the candidates' age on December 31 of the year immediately preceding the end of the term they are seeking must be printed next to the names of all candidates for all federal legislative offices in future elections. The article also requires the Attorney General to zealously defend Section 4 of the article in the courts of this state or of the United States. The article would become effective immediately upon approval by the voters. If the measure conflicts with any other provision of the state constitution, the measure states it would prevail over the other constitutional provisions.

The estimated fiscal impact of this measure is \$1,000,000.

Voting "YES" means you approve the measure summarized above. Voting "NO" means you reject the measure summarized above.
