2024-25 licenses due April 1

North Dakota anglers, trappers  
and hunters are reminded that new  
licenses are required beginning April  
1.

Licenses can be purchased online  
by visiting the North Dakota Game  
and Fish Department website, [gf.nd.  
gov](http://gf.nd.gov). Once the license is processed,  
hunters and anglers will have the  
option to print a hard copy and/  
or download the license to a smart  
phone or mobile device, which is  
helpful when asked to show proof  
while hunting or fishing in rural areas  
that lack cellular service.

Licenses can also be purchased  
at more than 80 vendor locations  
throughout the state. The 2024-25  
small game, fishing and furbearer  
licenses are effective April 1, 2024 to  
March 31, 2025.

2024-26 fishing regulations set

North Dakota's 2024-26 fishing  
proclamation is set, with regulations  
effective April 1, 2024, through March  
31, 2026. New fishing licenses are  
required April 1.

Anglers can find the North Dakota  
2024-26 Fishing Guide online at the  
state Game and Fish Department  
website, [gf.nd.gov](http://gf.nd.gov), or at Game and  
Fish Department offices and license  
vendors throughout the state.

Noteworthy regulation changes  
include:

Allows the use of bows for northern  
pike and nongame fish while  
darkhouse spearfishing.

Establishes a channel catfish limit  
west of N.D. Highway 1.

For bow and spearfishing – allows  
the taking of channel catfish in the  
Missouri River System up to the first  
tributary bridge.

The 2024-25 fishing licenses can  
be purchased online by visiting the  
Game and Fish website.

2023 Deer Season summarized

A total of 45,927 North Dakota deer  
hunters took approximately 25,146  
deer during the 2023 deer gun  
hunting season, according to a post-  
season survey conducted by the state  
Game and Fish Department.

Game and Fish made available  
53,400 deer gun licenses last year.  
Overall hunter success was 55%, with  
each hunter spending an average of  
4.7 days in the field.

Hunter success for antlered white-  
tailed deer was 54%, and 51% for  
antlerless whitetails.

Mule deer buck success was 80%,  
and 78% for antlerless mule deer.

Hunters with any-antlered or any-  
antlerless licenses generally harvest  
white-tailed deer, as these licenses  
are predominantly in units with  
mostly whitetails. Buck hunters had  
a success rate of 60%, while doe  
hunters had a success rate of 55%.

Game and Fish issued 12,188 gratis  
licenses in 2023, and 9,664 hunters  
harvested 4,216 deer for a success  
rate of 44%.

A total of 1,020 muzzleloader  
licenses were issued, and 890  
hunters harvested 280 white-tailed  
deer (140 antlered, 140 antlerless).  
Hunter success was 32%.

A total of 27,607 archery licenses  
(24,237 resident, 3,370 nonresident)  
were issued in 2023. In total, 22,608  
bowhunters harvested 6,436 deer  
(5,411 whitetails, 1,025 mule deer)  
for a success rate of 29%.

The department is in the process  
of determining recommendations  
for licenses in 2024. In addition  
to harvest rates and winter aerial  
surveys, Game and Fish staff  
monitor other population indices  
to determine license numbers,  
including depredation reports, hunter  
observations, input at advisory board  
meetings, and comments from the  
public, landowners and department  
field staff.
