Rolla City Council

Mayor Kevin Juntunen called the meeting to order on December 18, 2024 at 5:30 p.m. Members present: Mayor Kevin Juntunen, Councilpersons: Alex Albert, Clarence Booth, Deanna Counts, Willie Fritz, Rebecca Hodgson and Paul Frydenlund present. Others in attendance: Sarah Fenner, Chief of Police, and Cliff Rush, Public Works Director.

Members present joined in the Pledge of Allegiance.

Mayors Minute:
Tonight, I'd like to begin our meeting by reflecting on the past year and acknowledging the hard work and progress I am grateful to have been a part of this year in Rolla.

Progress has come in many shapes and forms. First, thanks to a combined effort of the auditor's office and public works department, we have seen a huge and much needed improvement to city hall. It not only looks great, but I have had many compliments from citizens regarding this upgrade. We have made considerable progress with our financial audits, nearly bringing us into compliance. Thank you to Val and Tara and your department for all that you do to make sure the City Hall is open and available to our citizens and the support you provide the other departments and council as well.

Progress has been made with the Rolla Police Department. It is my current consensus that citizens and business owners feel safer in town today due to the proactive work of the Rolla Police Department. Much progress has been made with installing new citywide security cameras, new police cruisers, upgraded tasers and protective equipment and warm weather gear to keep our officers warm as they protect us in the winter elements. Thank you to Chief Fenner and Sargent Kom and your officers for your hard work and sacrifices you make to keep our city and citizens safe.

Progress has been significant with the public works department this year as they pulled off an experimental infrastructure project with the grace and professionalism unknown to previous public works departments. This experiment opens the door to many more possibilities as we look to the coming year for additional upgrades to our city infrastructure. Additional progress comes in the form of a city landfill, and progress towards water treatment fixes to assure long-term, safe, and affordable water for the City of Rolla. Thank you, Cliff and the rest of the guys, on the public works department. I know you have put in some long hours over the summer and your hard work did not go unnoticed.

Progress with our Municipal Court has been immeasurable with the skills and knowledge of our municipal judge and prosecuting attorney. Our court is no longer a financial burden of misjudgments but a well-run institution to enforce the laws and ordinances of the city. Thank you, Judge Albert and Prosecuting Attorney Mickelson-Hendrickson, for all the work you have done transforming our municipal court.

I'd like to thank the council members who have given their time to the City of Rolla and helped to make decisions with a forward thought process that will help Rolla evolve, not just for today, but well into the future. My goal when I became Mayor was to work to make Rolla a more livable community with all that we do. I believe we have made progress with this goal this year thanks to the hard work and dedication of the employees of the city of Rolla. For all of you, and for any that I did not mention, I am forever grateful to be a part of our city government at this time of mass progress and improvement.

I would like to wish you all, and all the citizens of Rolla and the surrounding community a blessed Merry Christmas and a happy and safe New Year. May we continue to bring great, and much needed change to the City of Rolla in 2025.

Game and Fish employees recognized

James Myhre, district game warden for the North Dakota Game and Fish Department in New Rockford, received the agency's Director's Award for professional excellence at the department's annual staff meeting in December.

Jeb Williams, Game and Fish director, said Myhre has provided exceptional service to North Dakota for 22 years.

"He knows that helping hunters, anglers, trappers and boaters is only part of the job," Williams said. "James is a farmer and rancher and knows the importance of working with and assisting in his district any way he can. He is one of the highest performers in the enforcement division year after year. He always goes above and beyond in providing exceptional service and represents the department in a way that we all should aspire to."

Keenan Snyder, North Dakota Game and Fish Department district game warden in Williston, is the state's 2024 Wildlife Officer of the Year. Snyder was honored recently by Shikar-Safari Club International, a private conservation organization that annually recognizes outstanding wildlife officers in each state.

In a nomination letter sent to Shikar-Safari, chief warden Scott Winkelman said Snyder's district extends from the Missouri River bottoms to the Prairie Pothole Region along the Canadian border.

"Warden Snyder diligently patrols his district and effectively addresses violators at all times of the year," Winkelman said. "He is also a skilled investigator and consistently makes strong criminal cases. He is always willing to help other wardens on complex investigations to ensure that violators are held accountable."
