Discussion: Supervisor access to cameras at shop:
Ross updated the board from the last meeting what the concern was with everyone have access to cameras at shops. Ross feels that only the supervisor of that area should have access. Ross also stated he has had talks with employees and feels this is leading to a hostile environment for the employees and feels that a supervisor for road crew should be hired. Mr. Abrahamson stated hiring a Road Supervisor has never been off the table the advertisement for one is still up on the web site and face book it is just not advertised in the local paper and when a qualified individual applies they will look at hiring but no one has currently applied. Mr. Abrahamson was not aware of the access of the cameras and asked if City office has access to look. Auditor Wuori informed him they do not have access to see or be alerted. Mr. LaRoque stated he has access and gets alerts for the shops. In more discussion it was agreed the senior guy in the shop or one who lives closest to shop would have access for alerts and Chairman. Mr. Schlenvogt stated he would reach out to Russ Lund to switch the accesses.
Discussion: Mr. LaRoque started with the cost to County for gravel being hauled out. With the cost he was wondering if it would be more in favor for the County to purchase another truck/trailer for hauling. Mr. Abrahamson stated it was talked about in prior meeting to purchase. It was agreed for everyone to research to see if any are available and cost to set a pre-approved amount to purchase.
Discussion: Snow plow -Mr. LaRoque stated in the St. John shop one of the vehicles with plow on it is hard to start and was wondering if they switch from the White truck to the black truck that is newer. If cost is less than \$1000 for wire harness it does not need to be brought to board.
