

City of Rolette Ordinance

ORDINANCE AN ORDINANCE OF THE CITY OF ROLETTE, NORTH DAKOTA GRANTING A NONEXCLUSIVE FRANCHISE TO TURTLE MOUNTAIN COMMUNI-CATIONS, INC. FOR THE CONSTRUCTION, OPERA TION, AND MAIN TENANCE OF A COMMUNICATIOS SYSTEM WITHIN THE CITY LIMITS PROVIDED FOR

SEVERABILI TY AND ESTABLISHING AN EFFECTIVE DATE WHEREAS, the City of Rolette is authorized to

grant non-exclusive franchise operations of communicat ions systems within the City rights of way; and WHEREAS, Turtle Mountain Communications, Inc.

has applied for a franchise to construct, operate, and maintain communications services within the boundaries of Rolette: and WHEREAS, the terms, conditions, and obligations

provided here in are needed to protect the safety and welfare of the citizens of Rolette; and provide for the communications services needs of the community;

NOW, THEREFORE, THE CITY OF BOLETTE NORTH DAKOTA, HEREBY ORDAINS AS FOLLOWS: Section 1: Purpose.

This Ordinance shall establish a non-exclusive Franchise, which constitutes an agreement between the city of Rolette (hereinafter the "City") and United Telephone Mutual Aid Corporation (hereinafter the "Operator"). The Operator agrees to construct, maintain, and operate a communications services system for the distr ibution of telephone service, digital subscriber lines, broadband services and DSL video pursuant to the terms of the Franchise. The City agrees to grant all necessary rights and privileges to use public rights of way necessary for the communications services system. This agreement shall, as of the effective date, supersede all existing franchises previously granted by the City of Ro lette to Operator, or any of its predecessors, sub-

sidiaries, or affiliated companies. Section 2: Length of Franchise

The length of this Franchise shall be a tenn of wenty (20) years from March 3, 2025 through midnight

of March 3, 2045.

Section 3: Service Area

The Operator's service area shall be the entire incorporated are of the City of Rolette, 111 its present incorporated form or in any later reorganized. or enlarged, or re-incorporated form.

Section 4: Liability and Indemnification Grantee shall, at all times, keep in effect the follow

ing types of insurance coverage: (a) Workforce Liability Insurance upon its employ ees engaged in any manner in the installation or servicing of its plant and eq ui pment within the City of Rolette,

North Dakota. (b) Property damage liability insurance to the extent

of Two Hundred Fifty Thousand and No/IOO (\$25 0,000.00) Dollars as to each occ urrence and

Two Hundred Fifty Thousand and No/I00 (\$25 0,000.00) Dollars aggregate, and personal iniury insurance to the extent of Five Hundred

Thousand and Nol/100 (\$500,000.00) Dollars as to each occurrence and Five Hundred Thousand and No/100 (\$500.000.00) Dollars aggregate. Excess bodi ly insurance and propelty damage of One Million and No/ I00 (\$1,000,000.00) Dollars each occurrence and One Million and No/IOO (\$1.000 ,000.00) Dollars ag gregate. Automobile. bodily injury and property damage liability combined of One Million and No/100

(\$1,000,000.00) Dollars each occurrence. Operator shall indemnify, protect and save harm less the City from and against losses and physical damage to property and bodily injury or death to persons, for preperty within the City, or by an act of Operator, its

agents or employees. Section 5: Technical Standards

Grantee shall be governed by technical standards established by the Federal Communications Commis-

Section 6: Operation and Maintenance of System (a) The Operator shall render efficient service, make repairs promptly, and interrupt service only for good cause and for the shortest possible time. Such interruptions in so far as possible shall be preceded by notice and shall occur during periods of minimum use of the system, if possible.

(b) All service requests and complaints should be ponded to within forty-eight (48) hours of receipt. Section 7: Emergency Use of Facilities.

In the case of an emergency or disaster, the Oper ator shall, upon request of the City, make available is fac

ilities to the City for emergency use during the emergency or disaster.

Section 8: Successors or Assigns. This Franchise shall be binding upon the Operator,

its successors, and assigns.

Section 9: Acceptance

This grant of Franchise and its terms and provsions shall be accepted by Operator by the submission of a written instrument, executed and sworn by a corporate officer of the Operator before a Notary Public, and filed with the City with in sixty (60) days after the effective date of this Franchise.

Section 10: Effective Date.

This ordinance shall take effectfive (5) days from the date of publication and adoption by the City. The Franchise granted by this Ordinance shall not be effective until the Operator files written acceptance thereof. Section 11: Severability.

Each section, subsection or portion of this Ordie shall be severable if any s portion shall be found to be invalid Section 12: Notice

ROLLA CITY COUNCIL REGULAR MEETING APRIL 16, 2025

(April 21 and 28, 2025)

Mayor Kevin Juntunen called the meeting to order on April 16, 2025 at 5:30 p.m. Members present: Mayor Kevin Juntunen, Councilpersons: Alex Albert, Clarence Booth, Deanna Counts, Willie Fritz and Paul Frydenlund present. Member Rebecca Hodgers absent. Others in attendance: Malique Trumbo, Danielle Mickelson, JDA Director, Dawn Fitzgerald, JDA President, Sarah Fenner, Chief of Police, and Cliff Rush, Public Works Direc tor

Members present joined in the Pledge of Alle-

Mayors Minute

Last week, we celebrated City Government Week by spending some time at the school interacting with many of the students. City Government Week was neant to be a time for city leaders and staff to enhance public awareness of the role local government plays in the lives of citizens. What I experienced was some highly intelligent young people that care deeply for our community and had some great ideas of how to make Rolla a safer, more livable community.

First, I'd like to thank all the students who submitted essays for the "If I were mayor for a day" contest and recognize one more time the winners, Freddy Decoteau from the 3rd grade class and Braydon Wallette from the

Next, the 7th grade class provided a presentation on the need for radar reduced speed signs in town. I was very impressed with this presentation, including the thought and research put into the topic, as well as the vance to making Rolla a safer community. We will be further discussing this topic in tonight's meeting with my hope that we can make this student presentation a reality real soon.

Lastly, the 7th hour Ag class presented the need for an outdoor sports complex. Again, this was a well put to-gether presentation with much thought and research done. I agree that we need to be better as a community to provide places for healthy leisure activities for ou youth and adults alike. I believe that a sports complex has many benefits to our community, ranging from places to have fun, promoting wellness and health, and driving commerce as families look at communities to bring new businesses to. I plan to pitch this idea in with other city organizations and entities as we discuss options for community centers, meeting places, and con munity leisure activities.

Thank you to the students who participated in citv government week and to the Rolla School for hosting our city council meeting last week.

Motion by Frydenlund, seconded by Fritz, to ap-prove the agenda with the addition of Legion Raffle, Brad Disrud Water Hookup Request, Dynamic Speed Signs – Proposal, Board of Equalization recessed to April 22nd, Nuisance Ordinance, and Landfill hours and es under New Business. All members voted "AYE" Motion carried unanimously.

Consent Agenda:

Motion by Albert, seconded by Counts, to approve the Consent Agenda. All members voted "aye". Motion rried unanimously.

 March Regular Meeting Minutes April Admin Committee Minutes April Police Committee Minutes April Public Works Committee Minutes

 Financial Report
Reading of the Bills: Motion by Frydenlund, seconded by Counts, to approve the bills as funds become available. All members voted "Aye". Motion carried unanimously.

\$42.00 All members voted "Aye". Motion carried unani-

mously. Police Committee: Deanna Counts reported on Police Committee meeting. There were 160 Calls for serv-ice, and 20 Citations this month. Quote for vehicle replacement was reviewed, but still looking at more quotes and availability.

Public Works Committee: Paul Frydenlund rerted on the meeting. Cliff is looking to hire another Part-time worker for the summer, between Cemetery mowing, Landfill, etc. Waiting on legislature for approval for building transfer. Motion by Booth, seconded by Counts to move ahead with groundwork and concrete for the new shop, at Cliff's discretion when time allows. All members voted "Aye". Motion carried unanimously. Paul Frydenlund, informed the Council that the li-

brary raised \$4,000 on the Murder Mystery Fundraiser. Motion by Albert, seconded by Fritz to accept the committee reports. All members voted "Aye". Motion

carried unanimously. Old Business

· Legendary Dart Bar: Youth Dart League - Malique Trumbo, met with the Council again in regards to request for Youth Dart League, at the Legendary Dart Bar loca-tion. Mayor Juntunen reported that the City Attorney, said that if there was no alcohol being served, it would be legal to use the bard as an event space. Malique informed the council that he would like to allow the Youth Dart League on Sunday's, and no alcohol would be al-lowed during this time. The Council discussed pros and cons to allowing this. After further discussion, motion by Frydenlund, seconded by Fritz, to allow the Youth Dart League for the Legendary Dart Bar, as long as no alcohol was being served during that time. On roll call vote member Frydenlund, Fritz, and Booth voted "AYE" Member Albert and Counts voted "NAY". Motion carried. New Business:

· JDA Report- Danielle Mickelson, JDA Director and Dawn Fitzgerald appeared before the council to report on JDAActivities. Coast to Coast building is undergoing renovations, such as replacement of roof, heating and they have several potential buyers for the property once renovated. Bluegoose Smokehouse and Coal Mine Coffee House are nearing completion of renovations and should be opening in the near future. Collaboration Corner, which is the old Revere Estate Building, will provide office space for Rolla Development Corp, JDA, and Revitalize Rolla. A new website for Rolla JDA is in place. Current board members were in need of appointment by the City Council. Motion by Albert, seconded by Counts to appoint Brad Nash, Bethany McCloud, and Paul Munro to 3-year terms ending December 31, 2025 Kevin Juntunen, Joshua Munro and Barbara Mothershead for 3-year terms ending December 31, 2026; and Nathan Neameyer, Luke Weston and Dawn Fitzgerald to 3-year terms ending December 31, 2027. All mem-bers voted "AYE". Motion carried unanimously.

· Bid Opening for Public Works Equipment: Bids were reviewed for New Holland mowers, 2006 John Deere 1600 Turbo Batwing mower, Polaris 325 4wheeler, and Woods Brushhog rotary cutter. Motion by Frydenlund, seconded by Booth to accept the high bids as follows: Darren Welander - \$1400 for the 2010 and 2011 New Holland G5035 Mowers, Blake Gottbreht -\$3500 for 2006 JD Turbo Batwing Mower, Cliff Rush -\$200 for Polaris 325 4-wheeler and Stephan Loran \$100 for Woods brushhog 3-point hitch rotary cutter. All members voted "AYE". Motion carried unanimously

 Petition for Vacation of Street between Munro's 1st and Munro's 2nd Subdivision: Petition submitted by Tyler Bergsrud and Blaine Moberg for Vacation of street between Lot 1, Block 4 of Munro's 1st Subdivision and Lot 1, Block 6, Munro's 2nd Subdivision, the street being 60' wide and 130' long, all within the city limits of Rolla Motion by Frydenlund, seconded by Albert to proceed with publication of petition to vacate the above-described street for 4 weeks, with Public Hearing to be held on May 21st at 5:30 PM. All members voted "AYE". Mo-

the 5-member Planning Commission, to be a person re-siding outside of the corporate limits of the city, but within the territorial limits of the subdivision authority, as is exercised by the city, if such person is available and willing to serve on the planning commission. Such person shall e appointed by the Rolette County Board of Commissioners

The Star

NOW, THEREFORE, be it resolved by the City Council of the City of Rolla, North Dakota, has found to be in the best interest of city operations.

All members voted "Aye". Motion carried unanimously.

The Council also discussed possible resolution to reduce the size of the City Council members from 6 members to 4 members, plus a mayor all elected at large. Member Albert advocated for the change, which would provide cost savings for the city and also provide more efficiencies in the council, with a reduced # of members. Member Albert also requested that the City Council look at adding the position of City Manager which is essentially what current Auditor McCloud is pro-viding for the city at this time. Draft Job Description was reviewed for the position. After much discussion, mo tion by Frydenlund, seconded by Fritz, to table action on City Manager position to do more research, and gather re information for the next meeting. All m voted "Aye". Motion carried unanimously. Motion by Albert, seconded by Frydenlund to move forward with resolution to decrease the City Council size from 6 to 4 members, plus Mayor all elected at large, and hold a Special Election this summer with this measure, and have City Attorney assist in drafting resolution and ballot measure. All members voted "Aye". Motion carried unanimously.

·Legion Raffle: Raffle permit application from Rolla American Legion Auxiliary was reviewed. Motion by Al-bert, seconded by Fritz to approve Raffle permit for Roll American Legion Auxiliary. All members voted "Aye" Motion carried unanimously.

·Brad Disrud - Application for Water Hookup out side city limits: -The council reviewed application re-ceived from Brad Disrud for hookup to City water service for N1/2NE1/4NW1/4 & N1/2SE1/4NW1/4 less out lot B. which is outside city limits of Rolla. Motion by Fryden lund, seconded by Fritz to approve request for hookup up to city water for Brad Disrud for a fee of \$500 for res N1/2NE1/4NW1/4 idence and shop at N1/2NE1/4NW1/4 & N1/2SE1/4NW1/4 less Out lot B. All members voted "Aye". Motion carried unanimously.

 Dynamic Speed Signs – The council discussed the proposal from 7th Grade Ag Class at Mt. Pleasant Pub-lic School for placement of 5 Dynamic Speed signs for the highways entering city limits of Rolla, at an estimated cost of \$17,500. Possible grant options were discussed. Motion by Frydenlund, seconded by Counts to proceed with 3 Dynamic Speeds signs to be placed on the East and West side of town on Highway 5/281 and North of town on County Road 23, and pursue grant funding op tions. All members voted "Aye". Motion carried unan mously.

•Board of Equalization – meeting has been moved to April 22nd at 4:30 PM.

 Nuisance Ordinance: Member Booth requested that we look at nuisance ordinance and move forward with notice for abandoned building on Main Street at 308 Main Ave E

Landfill Hours and Fees: Member Booth requested that regular hours be established for the Landfill/Inert Site and that city residents would not be charged for using the site. After discussion, motion by Booth, seconded by Frydenlund to have Cliff and Val set hours for the site for the summer at 3x/week for approximately 12 hours and hire part-time staff to operate and collect fees at an hourly rate of \$10-12/hour. All members voted "Ave". Motion carried unanimously.

On motion by Fritz and unanimously approved, the meeting adjourned at 8:45 PM. Kevin Juntunen, Mavor

We are pleased to present to you this year's Annual Drinking Water Quality Report. This report is designed to inform you about the safe clean water we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water Our water source is groundwater drawn from the Rolla Aguifer.

The City of Rolla is participating in North Dakota's Wellhead Protection Program. The North Dakota Departmen of Environmental Quality has also prepared a Source Water Assessment for Rolla. Copies of these programs are available upon request.

Our public water system, in cooperation with the North Dakota Department of Environmental Quality, has completed the delineation and contaminant/land use inventory elements of the North Dakota Source Water Protection Program. Based on the information from these elements, the North Dakota Department of Environmental Quality has determined that our source water is "moderately susceptible" to potential contaminants. No significant sources of contamination have been identified.

If you have any questions about this report or concerning your water utility, please contact Valerie McCloud a (701) 477-3610 ext. 2. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are held on the 3rd Wednesday of each month at 5:30 pm unless otherwise posted at Rolla City Hall. If you are aware of non-English speaking individuals who need help with the appropriate language translation, please contact Valerie at the number listed above. The City of Rolla would appreciate it if large volume water customers posted copies of the CCR in conspicuous

locations or distribute them to tenants, residents, patients, students, and/or employees, so individuals who consume the water, but do not receive a water bill can learn about our water system. The City of Rolla routinely monitors contaminants in your drinking water according to Federal and State laws

The following table shows the results of our monitoring for the period of January 1st to December 31st, 2024. As authorized and approved by EPA, the state has reduced monitoring requirements for certain contaminants to less ofter than once per year because the concentrations of these contaminants are not expected to vary significantly from year

to year. Some of our data [e.g., for inorganic contaminants], though representative, is more than one-year-old. To ensure that tap water is safe to drink, the Environmental Protection Agency (EPA) prescribes regulations which limit the amounts of certain contaminants in water provided by public water systems. The Food and Drug Ad ministration (FDA) regulations establish limits for contaminants in bottled water which must provide the same pro tection for public health.

In the following table you will find many terms and abbreviations you might not be familiar with. To help you bet ter understand these terms we have provided the following definitions:

(MCLG) Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLG's allow for a margin of safety. (MCL) Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCL's (MRDLG) Maximum Residual Disinfectant Level Goal: The level of a drinking water disinfectant below which

there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to con-

(MRDL) Maximum Residual Disinfectant Level: The highest level of a disinfectant allowed in drinking water

Highest Compliance Level: The highest level of that contaminant used to determine compliance with a National

Range of Detections: The lowest to the highest result value recorded during the required monitoring timeframe

Abbreviations: ppb - parts per billion or micrograms per liter; ppm - parts per million or milligrams per liter; ppt

parts per trillion or nanograms per liter; ppq - parts per quadrillion or picograms per liter; NA - not applicable; ND

none detected; pCi/L - picocuries per liter (a measure of radioactivity), umho/cm = micromhos per centimeter (a measure of conductivity), obsvns = observations/field at 100 Power, IDSE = Initial Distribution System Evaluation

Committee Reports: Administrative Committee: Deanna Counts reported on Admin meeting. Rachel Mickelson-Hendrickson met with the committee regarding Streets and Sidewalks Public Utilities, and Public Nuisance ordinance updates Property acquired by the city, N 80' Lot 12, Block 14, OTS was to be removed by Public Works due to nuisance violation. There is a request for purchase and renovate from Clarence Booth. After discussion, motion by Booth, seconded by Albert to request bids for sale of N 80', Lot 12, Block 14, OTS, with buyer to provide a bond in the amount of \$5,000, with requirement that purchaser has 90 days to remove debris from the property and replace roof and siding. All members voted "Aye". Motion carried unanimously. The committee had also discussed Rolla Community Center flooring replacemen on the Nutrition United side. Flooring has been purchased with grant funds, to replace flooring in the kitchen, bathrooms and carpeted area in the Senior meeting room area. The committee has quotes to install flooring in the kitchen and bathrooms, and also one that ncludes the carpeted area of the Senior Room. Mem ber Booth requested that the city look at finding funds to eplace all of the flooring on the Nutrition United, with the exception of the small meeting room and offices After discussion will get estimates to complete the re mainder of the flooring. Motion by Albert, seconded by Frydenlund to go proceed with guote from Jared Weine to install flooring in the Kitchen, bathrooms and carpeted area of the Senior Room, for \$3,510. All members voted "Aye". Motion carried unanimously. Utility rates for the city were discussed. Rate increase for garbage service are needed, with the new contract with Waste Manageent beginning May 1st and Water Rate analysis was

tion carried unanimously. • Revised Ordinance – Resolutions: City Council reviewed the below resolutions to coincide with the revision of the City Ordinances. Motion by Fritz, seconded by Frydenlund that the following resolutions be ap-

ATTEST:KIM AZURE-AUDITOR (April 28, 2025)

contaminants in water provided by public water systems. Food and Drug Administration (FDA) requ limits for contaminants in bottled water which must provide the same protection for public health.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers EPA/Centers for Disease Control and Prevention (CDC) guidelines on appropriate means to lessen the risk of in fection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Lead Statemen

There is no safe level of lead in drinking water. Exposure to lead in drinking water can cause serious health ef fects in all age groups, especially pregnant people, infants (both formula-fed and breastfed), and young children Some of the health effects to infants and children include decreases in IQ and attention span. Lead exposure car also result in new or worsened learning and behavior problems. The children of persons who are exposed to lear before or during pregnancy may be at increased risk of these harmful health effects. Adults have increased risks o heart disease, high blood pressure, kidney, or nervous system problems. Contact your health care provider for more nformation about your risks

Lead can cause serious health effects in people of all ages, especially pregnant people, infants (both formula fed and breastfed), and young children. Lead in drinking water is primarily from materials and parts used in service lines and in home plumbing. The City of Rolla is responsible for providing high quality drinking water and removing lead pipes but cannot control the variety of materials used in the plumbing in your home. Because lead levels may vary over time, lead exposure is possible even when your tap sampling results do no

detect lead at one point in time. You can help protect yourself and your family by identifying and removing lead materials within your home plumbing and taking steps to reduce your family's risk. Using a filter, certified by an American National Standards Institute accredited certifier to reduce lead, is effective in reducing lead exposures. Follow

the instructions provided with the filter to ensure the filter is used properly. Use only cold water for drinking, cooking, and making baby formula. Boiling water does not remove lead from water. Before using tap water for drinking, cooking, or making baby formula, flush your pipes for several minutes. You can do this by running your tap, taking a shower, doing laundry or a load of dishes. If you have a lead service line or galvanized requiring replacement service line, you may need to flush your pipes for a longer period. If you are con cerned about lead in your water and wish to have your water tested, contact the City of Rolla at 701-477-3610 ext 2. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available at https://www.epa.gov/safewater/lead

Lead Service Line Inventory Information

US EPA has recently published the Lead and Copper Rule Revision. The purpose of this revision is to strengther public health protections by removing lead service lines within public water systems. One requirement of this rule revision was to inventory all drinking water service lines within our public water system and notify consumers which type of line serves each property. You may have recently received a letter from our system with this information.

The inventory is a listing of all service lines and the material composition of each line. The types of lines being documented are Lead lines, Galvanized Requiring Replacement (GRR) and lines made of Unknown Material. Class sification of a service line as being comprised of Unknown Service Line material indicates that our system cannot cur rently confirm the material of both the public and private portions of the line with written records. Non-lead lines were also documented; however, we were not required to notify consumers with documented nonlead lines. The classification of the type of service line serving a residence was based on historical data regarding the property and in some cases verification of the type of material on the privately owned side of the line by visual inspection or replacemen records of the owner.

The current Service Line Inventory for our system has been completed and is available for viewing at our office Please contact the City of Rolla at 701-477-3610 ext. 2 should you have any questions.

Additional work to update the service line inventory, including inspection of the line, may need to be performed to further document and confirm the type of material making up both the public and private portions of the line service line inventory. ing your home or business. We will need the help of home/building owners in order to access the service line on the private side of the service line to positively identify the material of the line that carries water within your home/build ing. Our system may perform this work with our own system employees, or we may contract with engineering firms ird-party contractors to complete this work to improve our service line inventory
