**TOWNSHIP NOTICE**

**SARATOGA TOWNSHIP PUBLIC NOTICE:** On May 7th at 11 am at the Jeff Piehl shop, the Saratoga Township Board will discuss and update its comprehensive plan and zoning ordinances. This will bring them into compliance with state statutes and to further protect the township and its residents. Due to the changing conditions in our township and the amount of time necessary to accomplish these goals, the township board voted to establish a 2

year moratorium on any and all power lines over 120 kv, gas and oil pipelines, carbon pipelines, battery storage facilities, wind towers, solar farms, data centers, substations, communication towers and nuclear and industrial waste disposal sites. These moratoriums can be shortened, extended or removed upon a vote of the Saratoga Township board. Jeff Piehl, Clerk 39-2t/LB-c

**GRAND RAPIDS TOWNSHIP:** Notice is hereby given that at a public meeting on November 3, 2025 Grand Rapids Township has adopted an ordinance to impose two year moratoriums on any carbon pipelines, renewable energy, battery storage, renewable energy development, AI and crypto mining centers, nuclear or industrial waste disposal sites, air carbon capture facilities, wind towers and wind tower waste, solar farms, or solar farm, waste, prisons, man camps, or crew housing the purpose of this moratorium is to obtain information, update, zoning ordinances, and protect the safety and property values of the landowners in Grand Rapids Townships.

Luanne Slykerman  
Grand Rapids Township Clerk

40-2t-c
