Total	\$90,686.75

Delinquent water bills were discussed and 5 door tags will be sent out.

There was one building permit for the month of February for an addition and new windows and sliding door.

The police report for February was reviewed.

Miles Bainter presented council with the crack sealing bid for \$13,500 for 30,000 linear feet. A motion was made to approve the bid. Dittus/Tibor MCU

City Engineer Jason Gerving was present with Abby Ritz of AE2S to discuss the rate study that was conducted for the water and sewer funds. This study was to show how utility rates would be increased if future water and sewer projects were to rely strictly on funds from utility revenue. Gerving stated that substantial increases would be needed to fund projects and this study is done to inform council of one such possible funding source for water and sewer projects. After much discussion the city will look into rates further and during the upcoming budget preparation. Abby Ritz stated that she can also look at what special assessments would be versus what a utility rate increase would be for project funding to show the difference. Gerving stated that the Home Rule Charter should be looked at again as this would be an important source of funding.

Supervisor Chad Stern presented council with costs of large dumpsters ranging from 4 yard to 8-yard dumpsters. The purpose of the dumpster would be to offer the larger size for residents to rent from the city for a fee. Stern stated that if someone is cleaning out a property or doing home renovations this type of dumpster would be available for rent. After discussion a motion was made to purchase one 6-yard dumpster for \$1,470.00. Tibor/Slinkard MCU. Stern presented to council a quote for extending the city's loader warranty.

The quote presented was for a 24 month/500-hour warranty. Stern discussed checking into a longer warranty with longer hours however the warranty was due to expire April 6th. Stern stated that the lesser warranty could be approved and once more information was available Stern would get a hold of council with the new information. A motion was made to approve the warranty for 24 months and 500 hours contingent upon the findings if longer warranties were available. Dittus/Slinkard MCU. Stern reported scrap iron at the landfill was being crushed and removed.

Building Inspector Craig Engle was present to discuss the property at 120 S Grove Street. Engle stated he had met with the owner and a time line of April had been agreed upon to repair the issues in question.

Discussion was held concerning purchasing a garbage truck. Stern stated that he would like to see numbers for what the cost of a truck would be and if the rates would cover an annual payment. Attorney Solem stated he would check into pricing from the bank and get the numbers for council.

The second reading of Ordinance 26-01 Amending

and Re-Enacting Floodplain Management Regulations within the City of Hebron was reviewed. A motion was made to approve the second reading of Ordinance 26-01. Tibor/Slinkard MCU. Discussion was held concerning Spring Clean-Up Week. Auditor McCutchan stated that she had spoken with Andrea Gonzalez from the Aging in the Community Group. The group would like to involve students from the Hebron School on May 8th to assist any elderly persons having trouble cleaning up their property or getting large items out to the curb. Spring Clean-Up will take place the following week from May 11th through May 16th.

Auditor McCutchan reminded Council of the Board of Equalization meeting set for Wednesday April 15th at 7 pm. McCutchan stated that her annual audit had just taken place the day prior and all things went well.

The Council meeting adjourned at 8:54 pm. Dittus/Slinkard MCU.

These minutes are being published subject to review and revision by the governing board.

Grant Walth,
Mayor

Erin McCutchan
Auditor

Bus Driver Needed

Hebron Public School is in search of a full-time bus route driver for the 2026-2027 school year.

You must have a Class B CDL license and (P)assenger and (S)chool Bus endorsements. We will help you with payment and acquisition of your school bus endorsement if needed.

The bus route is the morning pickup of students and the after school drop off of students. You will receive 3 personal days cumulative to 5. Payment of \$91.00 per day.

If interested in this position, please contact Superintendent Myron Schaff at Hebron Public School. 701-878-4442.

10ffc

PLEASE REFRAIN

The City of Hebron asks all Hebron residents to refrain from flushing paper towels or what is referred to as "flushable wipes" or baby wipes down the toilet.

These items do not disintegrate as toilet paper does. Not only can it create sewer system issues for the city lagoon and pump stations, it can plug up residential sewer lines in homes which could cost homeowners hundreds of dollars in plumbing repair bills.

Thank you.

City of Hebron, Public Works
