

# Lady Bucs share season perspectives

**By Gary Howard**  
After the game against New Salem-Almont on Feb. 7, I sat down with Head Coach Kari Baker and some of the Lady Bucs to get their perspective on their season and what they are looking forward to going into district play. Coach Kari Baker said, “We’ve played some good basketball this year. The kids have improved so much and they are having fun, that’s the best part.

You can see them out on the floor just enjoying basketball and that comes from us competing. “They are winning some games this year. We’ve definitely had some sickness and injuries this year, but I’m hoping by the district tournament we’re all going to be healthy and we should have the whole team back. We are without one of our starters now. Maciah Heckaman won’t play until the district, but

she will practice with us this week. “As far as the tournament goes, it’s anybody’s game. Through the middle of the eight teams there’s a lot of even match-ups. It’s going to boil down to who shows up to play basketball, but I’m really excited for our district tournaments. Our girls can definitely perform there and I’m expecting to come home with some wins.”

Senior Ava Zachmann talked about her teammates, how they matured into the team they are, “I feel like we’ve really grown close to each other and in our last few games we hit our connection really well. I think that it’s going to be really good going into the tournament, having Maciah back will be great. I just feel like we’re going into the district tournament solid and together.”

Freshman Mila Szudera shared her thoughts as well, “I also feel like we’ve all grown as a team and came together. I think we’ll come in strong. We’re all healthy and prepared.” Lastly, Junior Aubrie Dykins expressed her thoughts on the team and district play, “We have come together a lot closer than any other year. We play so well together. We have really good chemis-

try, but we are also close in friendship on and off the court, which really helps with our chemistry on the court going into districts. It will be nice, because we have a whole week to prepare with no games. We just have a week to get ourselves ready for our games and get everything figured out.” Watch next week’s issue for full District 7 tournament results.

# BUCCANEER BUZZ - A Beacon of Light

**By Katie Davidson**  
The Lighthouse Youth Center hosted a fundraiser Feb. 1 to help cover the costs of running the center. The event was held at the Beach Community Center and featured a free-will donation dinner, an auction, and door prizes. Branded shirts, hats and mugs were also available for purchase. The Lighthouse is a nonprofit organization that opened in 2021 for students in grades 7 - 12. The center is run by Kati Mikulski, along with Kathryn Stahl,

Ryan and Anika Matias, Kim Moring, Rebecca Anderson and Tracy Anderson, with help from the generosity of community members. The Lighthouse provides a safe place for students to go after school, where they can connect with adults who care about them and what they have to say. Students at the center play games and participate in a variety of activities in a welcoming environment. Mikulski said she was inspired to open The

Lighthouse after visiting a similar center while she was in college. She said she felt called to create a place like it wherever she eventually settled. When asked about the name, Mikulski said The Lighthouse fit well with the town of Beach. She added that she wanted the center to serve as a beacon of light in a dark world, where truth remains constant. “The Lighthouse is meant to be a place where kids can be themselves, are accepted for who they are,

and will be told the truth,” Mikulski said. “It’s mostly inspired by reality and the Bible.” This marked The Lighthouse’s fourth annual fundraiser, which helps support the general expenses of the center. While the events have always been held at the Beach Community Center, each one has been slightly different. “It’s just a casual, fun place to be,” Mikulski said, adding that the people who attend care deeply about one another.
