## PUBLIC NOTICES

A public notice is information informing citizens of government activities that may affect the citizens' everyday lives. Public notices have been printed in local newspapers, the trusted sources for community information, for more than 200 years.

North Dakota newspapers also post public notices on [www.ndpublicnotices.com](http://www.ndpublicnotices.com) at no charge to units of government.

# Ethics Commission's Public Priorities Survey results indicate North Dakotans prioritize ethical conduct, want stronger oversight

BISMARCK – Survey results released by the North Dakota Ethics Commission show that North Dakotans place a high priority on ethical conduct in government. Two out of three respondents believe public officials do not always act ethically, and residents identified the Commission's top responsibility as investigating complaints and enforcing ethics laws.

Executive Director Rebecca Binstock said, "We rely on the voices of North Dakotans to guide our education, outreach, and planning efforts. Through this survey, residents helped us identify the issues that matter most. We are grateful for this opportunity to connect with North Dakotans and look forward to adapting the Commission's priorities to better serve the current and future generations."

More than 1,000 North Dakota residents participated in the statewide public priorities survey conducted in January. The findings indicate widespread concern about whether elected officials act ethically and highlight strong public support for clear and enforceable ethics standards. The full results are available on the Commission's website at Public Priorities Survey | Ethics Commission, North Da-

kota. With Chairwoman Dr. Cynthia Lindquist resigning from her position June 1 and Judge Ronald Goodman announcing his intention to resign from his position on June 11, the Commission acknowledges that changes are underway. The Commission is grateful for Lindquist and Goodman's service and the strong foundation
