There was lots of snow this week, reports of about 17 inches in the

Selfridge area. Thanks to everyone who cleared the streets and those who went the extra mile and helped out the neighbors with cleaning out their driveways.

Wow! That was quite a little snowstorm on Friday. Saturday morning the yard and roads were full but by the evening half of it was gone. That's my kind of snow. That's how it was in Missouri. You have it for a day or two and then it's gone. Well, that little snowstorm definitely changed our Easter plans. I ended up with a nasty cold last week so we decided to postpone the family

time for a week. Thank you to a dear friend who invited us for Easter Dinner. We did make it to Bismarck for church Sunday morning and then had a nice lunch at Texas Roadhouse with just the two of us.

I saw some great pictures of Sharon Miller's chickens and ducks waddling through the snow. Susie and Ralph were having a hard time walking through the snow that was almost as

tall as them.

Flasher Science is having a fundraiser breakfast next Sunday, April 12th in the cafeteria from 9am to 1pmCT. The monthly school-board meeting will be Wednesday, April 15th at 7 pm.
