Titans End Raiders' Season

TGU	17	30	54	66

It took two minutes and two turnovers for each team before Brock Lunde would score the first two points of the game. Halfway through the first quarter, the score was tied at four. From there the Titan went on a 12-4 run to go up by nine before the quarter's end. The Titans only outscored the Raiders by two in the second quarter, but they were able to essentially put the game out of reach by holding the Raiders to six points in the third while scoring 24. Despite

forcing the Titans to turn the ball over 18 times to their 8 turnovers, once again the Raiders could not stop 6'9" senior Sage Hanson who would end the game with 37 points while shooting 82% and pulling down 19 rebounds. The Raiders will bring back their entire team next season as they do not have any seniors on this year's roster.
