Lucas Reski

...would like your support in the upcoming election for City Council.

Reski has lived in Steele since 2016 and has been on the city council since 2017 and he'd like to continue to serve.

In his time, he has attended many city planning conferences, continued education, and seminars. He has assisted with several grant applications, been on several task committees, and...

...this four-year term, he's looking forward to helping with the ash tree transition, continuing the water, sewer, and street projects and getting as many grants as possible to keep the price of these projects as low as possible. He will remain on the sewer and lodging tax boards as well as helping keep Steele a safe, progressive community.

He appreciates your support. Have any questions about the city or city government, track him down, he's very proud to discuss it and he's very proud of his community.
